Please note:

If you require any further clarification on any visits please email the school using the email address info@horsforthschool.org and mark the email for the attention of the visit leader and make the subject of the email the location of the visit.

It cannot be guaranteed for a variety of reasons that all of the above listed trips will run in an academic year and sadly on occasions visits may have to be cancelled. In contrast to this, additional trips may be added to the school calendar during the academic year. For these reasons the Educational Visit Summary document will be regularly updated to reflect these changes and will be posted on the school website on the 'Educational Visits' tab on the Parent/Carer page. The details included in this table were last updated on; **11th January 2016**
