Dear Parents/carers

9 July 2020

Following recent government guidelines, we wanted to update you on our plans to get our students into school in the Autumn Term. We fully intend to have all of Year 7 in the building full time from September.

We are currently making plans for how this will work taking into account student and staff safety as well as the effective education of our school community.

We of course understand you will be eager to hear our plans and know exactly how this will look.

We aim to balance the need to keep everyone informed with the need to be flexible in response to this changing situation. We will be in touch when we have more detailed information on how this will look, this is likely to be over the Summer holidays.

We know this is a difficult time for all and this uncertainty does not help but with new guidance being released regularly and the situation being so changeable we can only plan to the best of our knowledge at the time.

Please bear with us and continue to keep an eye on our website and your emails for updates throughout the Summer.

For now we will continue to add new material to the website for students to access over the coming weeks.

We intend to be in touch next week with further details about the plans for September.

Website update

This week we have added

<https://www.horsforthschool.org/useful-information/admissions-and-open-days/#tran>

1. An interactive treasure hunt for students to complete with the chance of a prize!
2. Further videos with more information about attendance and behaviour expectations for students
3. Q and A session 2 for students featuring our Year 7 ambassadors with further answers to students' questions
4. A parents Q's form where you can submit any questions you may have

Next week we will launch our virtual transition day-this can be done any time but will incorporate sample lessons from some of our teachers as well as an opportunity to hear from our team of form tutors.

We very much look forward to opening our doors again fully in September and welcoming our newest students to our school.

We thank you for your patience and understanding at this time and look forward to working with you more in the coming years.

Kind regards

Miss McFadden
