Easy Peasy and Fun

Puppets can be a great way to create characters in Drama!

We are going to look at sock puppets and all you need is an old pair of socks

You might look at a sock and think what can I do with it? Apart from putting it on my foot and then looking round for the other one... the video gives some good ideas...

Puppets do not need to be complicated to make

Imagine, make and explore

Think about the video we've just watched and put a sock on one hand

Try simple actions – your puppet waking up and looking around- yawning etc

Think of an action of your own helps bring the puppet to life – now try it with two sock!

How can you give your puppet a character?

What details can you add to make your sock more a character?

Is your puppet angry or sad or happy?

Is it an old person? A teenager? A child?

Think about who you would like them to be!!

What about voice? How can you use voice and language to create a character??

Some characters

Sock puppets can be used to create a whole show!

Does anybody remember the Ninja turtles?
Look how they are brought to life using socks!

Now try and create a simple scene with your sock puppets!

Who are they?
Where are they?
What are they talking about?

Why not record a little sock puppet show???

If you create anything why not send it to the drama department –we would love to see it!
