

Dear Parents/ Carers,

Year 8 Remote Learning: Wednesday 1st February 2023

All remote learning for Year 8 has been centrally set via the Year 8 Remote Learning Googleclassroom. To access the classroom, students need to log in to their Horsforth School Google account and then access the Googleclassroom page:

Once they have done this, they need to click on the **+** sign in the top right and join the googleclassroom using the code: **bdxhdde**

There will be work scheduled for the day for all Year 8 students to complete in line with the learning journeys for English, Maths, Science, History, RS and Careers. They can complete the lessons in any order that they want to, and written work should be completed in their exercise books.

Any students who do not have access to an electronic device will be given a work pack to complete during the day on Tuesday.

Yours Faithfully,

Mrs Z M Comiskey

Deputy Headteacher
